PROFILE SUMMARY

Enthusiastic and detail-oriented front-end developer with a passion for creating visually appealing and responsive web applications. Armed with a strong foundation in HTML5, CSS3, JavaScript and bootstrap, I am eager to contribute my skills to a dynamic team and apply innovative solutions to enhance user experiences. A quick learner and effective collaborator, I bring a fresh perspective and a commitment to staying current with industry trends. Seeking an opportunity to contribute to impactful projects and grow as a professional in the ever-evolving field of web development.

PROJECT

DIGITAL AGENCY

- Digital Agency Website Development:**
- Designed and developed a dynamic and visually appealing digital agency website from scratch.
- Utilized HTML, CSS, and Bootstrap to ensure a responsive and user-friendly interface across various devices.
- Implemented a robust responsive design using Bootstrap, ensuring optimal user experience on desktops, tablets, and mobile devices.

BookSky

- Developed a dynamic website named "BookSky" using HTML, CSS, and JavaScript.
- Implemented front-end design and layout using HTML and CSS to ensure an engaging and visually appealing user interface.
- Engaged in self-directed learning to expand knowledge and apply new techniques to the project.

CERTIFICATION

HTML and CSS in depth

Completed an intensive HTML and CSS course at META, gaining specialized knowledge in front-end web development.

Introduction to Front-End Development

Successfully completed the " Introduction to Front-End Development" course offered by Meta.
